The Journal of Evidence-Based Healthcare (Evidence) is an Open Access Journal published to serve the international scientific community by providing high quality scientifically accurate original research reports, therefore it applies no article processing charge of any kind.

It is assumed that by submitting an article, the author is recognized as having the copyright to it and allows its free use by readers, and it can, in addition to being read, be downloaded, copied, distributed and printed.

The authors are responsible for content, spelling, grammar and punctuation.
## Table of Contents

### Editorials

- The yearly cost of formatting and why Evidence decided to focus on science and not on a favourite typeface... 67  
  João de Deus Barreto Segundo, Luís Cláudio Correia
